*The Revelation*

# ~Apocalypse~

To 'reveal' or 'disclose'.

Ancient Greek: *apocalypsis*, 'uncovering',  
a revelation of something hidden.

In religious contexts a revelation of hidden  
meaning-hidden from mankind  
in an era dominated by falsehood  
and misconception.

Therefore many people misconstrue  
the word *apocalypse* to refer to so-called  
End Times Scenario.

## Notes to Self...

*'In order to truly bake a cake from scratch, you must first create a new Universe.'* (Carl Sagan)

Accepting there is nothing new, we may begin to explore our roles in Creation.

Tarot readers, authors, and artists form an elite community of souls dedicated to the spiritual enlightenment of humanity... unless we don't. Ethically there is a generally agreed upon code that states; 'We are here to assist and guide you on your Journey. The Choices were, are, and have always been Yours.'

*'Be yourself. No one else is qualified.'*
